Beginning at Edenvale Conservation Area this section of the Nottawasaga River navigates through dense forests, silver maple swamps and open meadows teeming with wildlife. Before launching your vessel, discover a monument at Glengarry Landing, a National Historic Site, where a flotilla of 29 bateaux was built in a desperate expedition to relieve the British troops at Fort Michilimackinac during the War of 1812. Downstream of Edenvale, the river cuts through the 25 meter deep gorge of the Edenvale Moraine, and flows into Jacks Lake, part of an ancient lagoon. Passing under the Klondike Park Road Bridge, the Wasaga Beach Sports Park launch and our lunch stop is on the right. The section downstream of the park is home to the largest group of parabolic sand dunes in the entire province, this section of the River meanders along sandy shores, where you can get lost in the beauty of the crest shaped sand sculpted by glaciers and rimmed with dense vegetation. Just beyond the Park there is a series of rapids that are easy to chute through, no matter what your skill level, but add a sense of adventure to the journey. The river twists and turns through provincial park lands and fragile habitats, offering majestic views of the iconic Oxbow Dune, home to Bank Swallows and their tiny nests. Downriver expect to receive encouraging waves from the cottagers on shore. Next you will approach Schooner Town, the historical winter quarters of the Royal Navy of 1812. If you have time drop by the Nancy Museum to view the remains of a Royal Navy ship destroyed during the war of 1812, a short drive from our exit point
